

The European Delirium
Association

4th Scientific Congress On Delirium

Thursday 8 and Friday 9 October 2009

Day 1 - 9am Registration;
9.30am Opening Address; 5.30pm Close

Day 2 - 8.30am Registration;
9.00am Introduction; 5.00pm Close

The European Delirium Association Annual Meeting

The Met Hotel, King Street, Leeds LS1 2HQ, England

Programme

Thursday 8 October

0900 Registration

0930 Welcome and introduction

John Holmes, Senior Lecturer in Liaison Psychiatry of Old Age, Leeds, England

Session 1

Chair: Jouko Laurila, President of the European Delirium Association

0940 Invited talk: Delirium in the intensive care unit

Valerie Page, Consultant in Intensive Care, Watford, England

1010 Delirium incidence and consequences in critically ill patients

Mark van den Boogaard, Radboud University Nijmegen, The Netherlands

1025 Delusional memories reported by children following intensive care admission: is this evidence of delirium?

Gillian Colville, Paediatric Psychology Service, St George's Hospital, London, England

1040 Coffee and posters

Session 2

Chair: tbc

1115 Development and validation of a novel computerised testing device for detecting attentional deficits in delirium

Laura Brown, Geriatric Medicine, University of Edinburgh, Scotland

1130 Evaluation of attention deficits indicative of delirium in patients with dementia

Christine Thomas, Department of Geriatric Psychiatry, Evangelical Hospital Bielefeld, Germany

1145 Carphology, floccillation and delirium

Rachel Holt, University of Leeds, England

1200 Keynote: How can we improve the detection of delirium?

David Meagher, Professor of Psychiatry, University of Limerick, Ireland

1245 Lunch and posters

Session 3

Chair: Valerie Page, Consultant in Intensive Care, Watford, England

1400 Invited talk: Pathophysiological studies in delirium: a focus on genetics

Barbara van Munster, Fellow in Internal Medicine, University of Amsterdam, The Netherlands

1430 Invited talk: Delirium in the paediatric intensive care unit: the state of the art and some new data

Jan Schieveld, Consultant Paediatric Neuropsychiatrist, Maastricht, The Netherlands

1500 Coffee and posters

Session 4

Chair: Alasdair MacLulich, Professor of Geriatric Medicine, University of Edinburgh, Scotland

1530 Invited talk: Uniting cholinergic and inflammatory hypotheses of delirium

Colm Cunningham, Wellcome Trust Career Development Fellow, Trinity College Dublin, Ireland

1600 Parallel Workshops

(1) Delirium guidelines development at the national level

Facilitators: John Young, Chair of National Institute of Clinical Excellence (NICE) Delirium Guideline committee/Head of Academic unit of Elderly Care and Rehabilitation, Bradford Institute for Health Research, England, and Najma Siddiqi, Consultant Psychiatrist and Honorary Senior Lecturer, University of Leeds

(2) Developments in the drug treatment of delirium

Facilitator: David Meagher, Professor of Psychiatry, University of Limerick, Ireland

(3) Clinical services development for delirium

Facilitators: Nadine Schofield, Head of Service Transformation, Manchester Mental Health and Social Care Trust, England, and John Holmes, Senior Lecturer in Liaison Psychiatry of Old Age, Leeds, England

(4) Pathophysiology research in delirium

Facilitators: Barbara van Munster, Fellow in Internal Medicine, University of Amsterdam, The Netherlands, and Alasdair MacLulich, Professor of Geriatric Medicine, University of Edinburgh, Scotland

1715 Feedback from workshops: key messages

1730 Close of day

1930 Conference dinner

Friday 9 October

0830 Registration

0900 Welcome and introduction

John Holmes, Senior Lecturer in Liaison Psychiatry of Old Age, Leeds, England

Session 1

Chair: Sophia de Rooij, Head of Geriatric Medicine Section, University of Amsterdam, The Netherlands

0910 Invited talk: Developments in delirium care in the USA

Barbara Kamholz, Associate Professor of Psychiatry, Duke University, and Chair of the National VA Delirium Working Group

0940 Enquiries into the pathophysiology of delirium

Gideon Caplan, Prince of Wales Hospital and University of New South Wales, Sydney, Australia

0955 Predictive value of the informant based IQCODE, MMSE and AD biomarkers (i.e. CSF Abeta42 and tau) for delirium

Joost Witlox, Medical Centre Alkmaar, The Netherlands

1010 Delirium in patients with Alzheimer Disease: structural pathologies in cholinergic innervation? A diffusion-tensor imaging study

Stefan Kreisel, Department of Geriatric Psychiatry, Evangelical Hospital Bielefeld, Germany

1025 Prevalence of delirium among very old people: an epidemiological study from northern Sweden and Finland

Birgitta Olofsson, Department of Community Medicine and Rehabilitation, Umeå University, Sweden

1040 Using Critical Discourse Analysis to explore nurses' day-to-day care of patients with delirium

Irene Schofield, School of Health, Glasgow Caledonian University, Scotland

1055 Coffee and posters

Session 2

Chair: Nadine Schofield, Head of Service Transformation, Manchester Mental Health and Social Care Trust, England

1125 Invited talk: Growing new services for delirium in acute hospitals

John Holmes, Senior Lecturer in Liaison Psychiatry of Old Age, Leeds, England

1155 Personal experiences of delirium

Three members of the public will discuss their experiences

1240 Lunch and posters

Session 3

Chair: Rachel Holt, Senior Research Fellow, University of Leeds

1400 Invited talk: Experimental designs in delirium research

Dimitrios Adamis, Consultant Psychiatrist, Research and Academic Institute of Athens, Greece

1430 Parallel Workshops

(1) Delirium guidelines development at the national level

Facilitators: John Young, Chair of National Institute of Clinical Excellence (NICE) Delirium Guideline committee/Head of Academic unit of Elderly Care and Rehabilitation, Bradford Institute for Health Research, England, and Najma Siddiqi, Consultant Psychiatrist and Honorary Senior Lecturer, University of Leeds

(2) Developments in the drug treatment of delirium

Facilitator: David Meagher, Professor of Psychiatry, University of Limerick, Ireland

(3) Clinical services development for delirium

Facilitator: Nadine Schofield, Head of Service Transformation, Manchester Mental Health and Social Care Trust, England, and John Holmes, Senior Lecturer in Liaison Psychiatry of Old Age, Leeds, England

(4) Delirium education

Andrew Teodorczuk, Teaching Research Fellow, Northumbria Healthcare NHS Trust, England

1600 Feedback from workshops: key messages

1615 Closing statement and announcement of EDA 2010

Jouko Laurila, President of the European Delirium Association

1630 Close of meeting
